

CALL FOR PRESENTATIONS

The Michigan Onsite Wastewater Conference is now accepting presentation proposals for the 2027 Conference in East Lansing, Michigan on January 12-13, 2027. This annual conference has been held for over 70 years, bringing together hundreds of practitioners from all sectors of the onsite wastewater industry.

Submittals for this Call for Presentations must be submitted via email to Zach Schaeding (Chair) at SchaedingZ@meha.net no later than **August 17, 2026**.

Presentation proposals should focus on the following subject matter relating to the onsite wastewater industry:

Case Studies

Design & Engineering of Septic Systems

Innovative Research or Emerging Technologies in Onsite Wastewater Treatment

Health & Safety for field workers

Inspecting Systems

Operation & Maintenance

Septic System Failure Diagnosis

Portable Restrooms & Tank Pumping

Regulations & Permitting

Wastewater Education & Training

Workforce Development

Other (please provide description as it relates to onsite wastewater)

Please note: Topics directly relating to septic tanks, septage management, or other aspects of septage businesses may be eligible for Continuing Septage Education (CSE) credits as outlined in Part 117 if approved by the Septage Program staff at EGLE. Such presentations are therefore encouraged and may be given preference. The Conference Planning Committee as a whole evaluates proposed presentations as the program comes together.

Questions regarding this Call for Presentations may be directed to Zach Schaeding, Conference Committee Chair, at SchaedingZ@meha.net or (989) 245-2273.

Call for Presentation – Abstract Submittal

Presentation Title:	
Description (1-2 paragraphs)	
Presenter Name(s)/Title/Company
